Purpose

The entities comprising Sirva (collectively, “Sirva” or the “Company”) are committed to cultivating and preserving a culture of diversity, equity, inclusion and belonging (DEIB). We are committed to fostering a workplace environment that reflects the diversity of the global organizations that we serve. We recognize that building an inclusive, engaged company culture results in empowered employees that reflect a wide range of approaches and perspectives. Those perspectives lead to new ideas. New ideas lead to innovation and excellence. Our approach to diversity, equity, inclusion and belonging is driven by a commitment to these values and a belief that diversity makes our company stronger.

We want differences in age, race, color, ethnicity, family or marital status, gender identity or expression, language, national origin, physical and mental disability, political affiliation, religion, sexual orientation, socio-economic status, veteran status, and other characteristics in the Sirva workforce. These characteristics comprise and define the many elements of diversity.

We want an inclusive and connected Sirva workforce achieved through feeling valued and able to authentically participate.

Equity is the acknowledgement that our diverse characteristics mean that we have unique needs, skills, and experience. We actively work to ensure that programs and practices are equitable and that all employees have opportunity to learn, grow and engage.

Vision

To be recognized in the mobility industry as a culture where DEIB is fostered and employees are empowered to be their authentic selves.

DEIB Program Structure

The Company's DEIB is coordinated through the I.D.E.A (Inclusion Diversity and Equity Alliance) Committee. The mission of the I.D.E.A. Committee is to provide informed, authentic leadership while working to foster an organizational culture that attracts the best talent, values diversity of life experiences and perspectives, and encourages innovation in pursuit of our corporate mission.

Using available research and data on effective diversity and inclusion practices, the I.D.E.A. Committee's efforts focus on the following objectives:

- Cultivating a work environment of acceptance through respectful communication, supportive relationships, and cooperation between employees, clients, customers, and suppliers.
- Creating opportunities to explore potential underlying, unquestioned assumptions that interfere with inclusiveness while further enhancing the well-being of our employees by confronting any potential inequities within our policies, systems, programs, and services, as well those that exist as within the communities we serve globally.

- Ensuring equal access to opportunities for professional growth and advancement within our employee base and demonstrating a commitment to engaging with a broad spectrum of diverse suppliers.
- Developing cultural competence and responsiveness, as an organization, to maximize our effectiveness in engagements with clients, suppliers, and partners, considering and respecting their unique perspectives, experiences, and needs.

Our DEIB objectives, and progress toward achieving them, will be assessed annually to ensure alignment with Sirva’s strategic business objectives.

Employee Resource Groups (ERGs)
